# Not Responsive Based on Revised Scope

**ORD and WVDEP visit the Chemours Washington Works facility in WV**– From July 23-26, senior ORD scientist Jeff Ryan will visit Chemours Washington Works to observe a PFAS emissions test on an incinerator in order to learn about Chemours' processes and help inform future sampling. He will be accompanied by a representative from the West Virginia Department of Environmental Protection. Ryan was invited by Chemours; Region 3 staff including Regina Poeske, Region 3's Regional Science Liaison, and staff from ECAD Air and Water, facilitated communications between WVDEP and ORD to arrange for this emissions test.
